The planning board must do a full SEQR (State Environmental Quality Review) and the board will need assistance with this. The town is allowed to bill Verizon for any consultant hired to assist them with the SEQR and the visual impact such a tower might have. This is related to Part II, Question 9 of a full Environmental Assessment Form. Attorney fees will be reimbursable as well. A motion to hire a consultant to write this section of the SEQR, and to spend up to \$1000 for such person was made by Councilperson Carlson, seconded by Councilperson Haar, and all in favor.
- LUR – There will be a need for a public hearing prior to the next board meeting to establish an enhancement to local law. This is section 4.6 of the LUR.
